Unitarian Universalist congregations are self-sustaining institutions whose primary source of financial support comes from church members and friends. We are asking everyone to increase their pledge by 5% to cover the 2009 -10 operating budget, or move to an increase of 8% to meet larger goals. It costs \$1,800 per member to fully sustain the church. We understand that each member is at a different place financially. Please pledge consciously and responsibly. Large donors pledge at or above \$3,000 per year and/or at 5% of their income.

I/We will pledge \$ _____ total to our Church this fiscal year (June 1, 2010 - May 31, 2011)

This is 5% of our household income.
