\*\*\*

**ACT OF INSTALLATION** Christine Bender

*President:* In our Church, this Act of Installation is a visible sign of the covenant between the people of the congregation and the minister we ourselves have chosen. It is a covenant based on mutual confidence and respect, freely entered by mutual consent. It is a covenant which the congregations of Neighborhood Church have established with their ministers in unbroken line since our earliest beginnings in 1885. Having called Hannah Hope Petrie as our Associate Minister, and having received her acceptance, let us then covenant with her to work together to deepen our religious and spiritual life. Will the members of Neighborhood Church please rise and join with me in this Act of Installation?

*Members of the Congregation:* We, the members of Neighborhood Church do hereby install you, Hannah Hope Petrie, as our Associate Minister. In doing so, we ask that you become a part of our lives, and that you lead us to deepen our liberal faith and to strengthen the bonds of this congregation. Be with us in our joys and our sorrows and in our experiences of awe and wonder.

Lead us to a faith which may transform our lives. Help us to create a vision of a more vital and a deeper faith. Be with us in facing the evils of the world and in working to bring about a vision of peace and justice. Encourage us to be open to transcendence and teach us the language of reverence. Speak the truth to us in love. Care for those who suffer and help us to create a community of compassion.

Minister to us and with us, keeping faith with our history and with our shared vision.

*Minister:* It is with the greatest of joy and deepest of humility that I accept your call to ministry at Neighborhood Church. I pledge, to the best of my ability, to be faithful to this call and to you, to lead you and be with you in caring, in creating vision and in transforming this world with acts of love and justice. With due honor to the cherished past of this congregation and to its unfolding vision, I pledge my best.
